

Kansas Wind & Prairie Untilled Areas - the Tallgrass Prairie Ecosystem

Map compilation by the Kansas Geological Survey (KGS),
University of Kansas, December, 2003.

- Data sources:
1. Base map (county boundaries) - TIGER 2000, US Census Bureau
 2. Untilled areas, The Nature Conservancy
 3. Untilled fragments, The Nature Conservancy

"Untilled areas were identified via an interpretation of Landsat Thematic Mapper (TM) satellite imagery. These areas were classified as one of two types: 1) areas with largely intact natural or semi-natural vegetation, and 2) fragmented areas with a concentration of natural community remnants." (The Nature Conservancy, 2003)
